Sheridan Orchid Growers

We offer the following well established and growing plants. Most orchids are sold in 1 to 5 bulb plants are priced at \$5.00; larger ones at \$10.00 to \$15.00; smaller ones at \$2.50 to \$4.00.

Peristeria spectabilis

Several during the fall and spring blooming flowers 2 to 3 inches across.

Lycaste floribunda

Many egg-yolk large, very single-stem blossoms. Very floriferous. Need abundant water while growing. Spring.

Lycaste skinneri

Large blossoms, white with the ivory blush in throat and petals which vary in depth of color. Fall blooming.

Odontoglossum grande

Several large chocolate and yellow flowers 5 to 6 inches across. Fall blooming. Often called "baby orchid" from the Chinese or Latin doll-shaped column.

Odont. rossi

Proportionally large white and spotted flowers on characteristically well-developed plants. Winter.

Odont. michauxense

Long sprays of flowers. Fall and winter.

Odont. urticulatum

Long spikes of lavender-colored spotted flowers 2 to 3 inches across. Very floriferous. Spring.

Oncidium leucostictum

Long sprays of looking brown and yellow blossoms flowering at various times of the year.

Oncidium spectabile

Large white with brown or yellow spikes of yellow flowers during the spring.
